

INTERNATIONAL AND EUROPEAN MEETING OF YOUTH FOR CULTURE OF PEACE

International Meeting of Youth for Culture of Peace is an event which will unite 200 young people from Europe and other sides of the World on July in Nievre (France). It will be organised as peace camp in the municipality of Garchizy, and the events will also take place in Varennes-Vauzelles. This meeting is exceptional by its importance. We are supported by the UNO, the European Union and the International Peace Bureaux.

Meeting will be focused on two moments 1) **Forum** which will be aimed to the articulation of the Appeal and the launch of three international campaigns of youth.

Forum will be open for participation and for your proposals like workshops which will follow each conference, focused on three goals: International Human Rights and emancipation of people, Sustainable development and solidarity, Engagement of youth for peace.

2) **Festival** as the moment of celebration and meeting-place with the local culture.

Over this period many activities will be provided, like visit to the Museum of Resistance, parade of torches and many evenings of intercultural programs in the camp. Remember Ban-Ki-Moon's words: "I ask everyone, would you be young or no longer young, to help us finding word solutions to world matter. Make us know your projects and ideas, be creative and passionate".
